How to Use This Book

This book records the Angels Oasis identity as it lives on angelsoasisclhf.com, then fills in what the website leaves unsaid: logo rules, voice, photography and layouts.

Every color, typeface and measurement here was read from the live site in October 2026. Where the site is inconsistent, this book picks one answer and says so. Recommendations that go beyond the site are marked **New**.

Use it whenever you make something that carries the Angels Oasis name: a social post, a referral flyer, a slide, an email, a sign for the front door.

THE SHORT VERSION

- Plum ground, cream type, sage and forest green for actions.
- Fraunces for headlines, Inter for everything else.
- Warm and plain to families. Precise and quick to clinicians.
- Never redraw, recolor or stretch the logo. Use the supplied files.

Who We Are

Angels Oasis is a licensed Congregate Living Health Facility (CLHF) providing 24-hour skilled nursing and medically complex care across Southern California.

For families facing a catastrophic injury, progressive illness or medically complex diagnosis, Angels Oasis offers the peace of mind of hospital-level care without the feel of a hospital. Nurses, therapists and care coordinators are with each resident around the clock, so families never have to choose between quality care and comfort.

OUR MISSION

To provide exceptional care for the mentally alert and physically disabled residents and maintain a safe environment that feels just like home.

Valley Village (operating) serves Greater Los Angeles and the San Fernando Valley. San Jacinto (coming soon) will serve Riverside County and the Inland Empire. Licensed by the California Department of Public Health.

Positioning and Audiences

POSITIONING STATEMENT NEW

For families and referral partners caring for someone with medically complex needs, Angels Oasis is the congregate living health facility that brings hospital-level care into a six-room home, with a 3:1 staffing ratio and nurses on site around the clock.

AUDIENCE ONE

Families and decision-makers

A spouse, adult child or sibling choosing where a loved one will live after a stroke, injury or progressive illness. Often exhausted, often touring several facilities.

They need To know their loved one is safe, close to home and treated like family.

Lead with The home, the people, the 3:1 ratio, peace of mind.

Say "your loved one", "residents", "home".

Ask for Schedule a Visit · Take a Virtual Tour

AUDIENCE TWO

Referral partners

Hospital discharge planners, case managers, physicians and social workers who need a placement for a high-acuity patient, usually on a deadline.

They need Clinical capability, a fast answer, and to know which payers are accepted.

Lead with The service list, ventilator and tracheostomy care, accepted payers.

Say "patient", "referral", clinical service names in full.

Ask for Refer a Patient · (323) 213-2831

Messaging Pillars

Home-Like Care. Hospital-Level Expertise.

The tagline. Always two sentences, title case, each ending in a period. Set it in Fraunces SemiBold. Break it after "Care." when it runs to two lines. Do not paraphrase it, shorten it to one half, or add a third line.

PILLAR 1

A real home

Hospital-level care "without the feel of a hospital", in warm, residential settings.

Proof: six private rooms with ensuite bathrooms, residential streets, patio and living spaces.

PILLAR 2

Hospital-level expertise

A full clinical team provides 24-hour care for medically complex residents.

Proof: MDs, NPs, RNs, LVNs, CNAs, dietitians, respiratory and physical/occupational therapists.

PILLAR 3

Patient-first attention

Every treatment plan is tailored to the individual resident.

Proof: 3:1 caregiver-to-resident ratio; nurses, therapists and care coordinators present around the clock.

PILLAR 4

Complex needs are the specialty

Care for mentally alert but physically disabled individuals, including those who are ventilator-dependent.

Proof: tracheostomy and ventilator care, IV therapy, enteral feeding, wound and post-surgical care.

BOILERPLATE, FROM THE SITE

Angels Oasis operates licensed Congregate Living Health Facilities across Southern California, each held to the same standard of 24-hour medical care in a warm, residential setting.

ONE LINE, FROM THE SITE

A home-like environment where compassionate care meets hospital-level expertise and professional clinical support.

Proof points are quoted or condensed from the live website. Check any new figure with the facility before publishing it.

Voice and Tone

We sound like the charge nurse families hope to meet: calm, kind, and clearly good at the job.

Warm

We talk about people before procedures.

SOUNDS LIKE

"So you never have to choose between quality care and comfort."

NOT LIKE

"Our facility optimizes resident satisfaction outcomes."

Steady

We reassure with facts, not adjectives.

SOUNDS LIKE

"Our nurses, therapists, and care coordinators are with your loved one around the clock."

NOT LIKE

"Don't worry! Everything will be amazing!"

Clinically exact

We name services properly and state numbers plainly.

SOUNDS LIKE

"Tracheostomy / Ventilator Care. 3:1 caregiver-to-resident ratio."

NOT LIKE

"We handle all kinds of breathing stuff."

Plainspoken

Short sentences. No jargon a worried family would have to look up.

SOUNDS LIKE

"A safe environment that feels just like home."

NOT LIKE

"A best-in-class post-acute continuum solution."

WHERE	DIAL IT TOWARD	EXAMPLE
Website and social, to families	Warm first, then exact	"Ready to see if Angels Oasis is right for your family?"
Referral outreach, LinkedIn	Exact first, then warm	"We welcome patient referrals and are happy to discuss our services in more detail."
Forms, buttons, signage	Plain and brief	"Schedule a Visit" · "Notify Me" · "Submit"

Writing Rules

The name

- Write **Angels Oasis**. Two words, title case, no apostrophe.
- Use **Angels Oasis CLHF** in legal lines and footers.
- Spell out **Congregate Living Health Facility (CLHF)** on first mention, then CLHF.
- Not: Angel's Oasis, ANGELS OASIS, AngelsOasis, AO.

People

- **Resident** or **your loved one** when writing to families.
- **Patient** only in referral contexts, as in "Refer a Patient".

Numbers and contact

- **24-hour** before a noun; **around the clock** in running text.
- **3:1 caregiver-to-resident ratio**, always with the colon.
- Phone: **(323) 213-2831**. Fax: (323) 213-2832.

Service names

Title case, written the same way everywhere:

Physician Services · 24-Hour Skilled Nursing Services · Hospice Services / Terminal Illness Care · Oxygen Therapy · Tracheostomy / Ventilator Care · Wound & Post-Surgical Care · Pain Management · IV Therapy · Respiratory Therapy · Enteral Feeding · Dietary Services · Radiology and Laboratory Services · Bowel and Bladder Training

Calls to action

Use these exact phrases. Buttons are uppercase by style, not by typing.

Care with claims

We work in licensed healthcare. What we publish has to be true, provable and private.

-  No promised results. Describe the care, not a guaranteed outcome.
-  No "best", "top" or "#1" without a source you can cite.
-  Comparisons with skilled nursing facilities need a factual basis, such as the staffing ratio.
-  Never share a resident's name, face, diagnosis or story without signed authorization.
-  Testimonials are real, attributed with permission, and unedited in meaning.

Headlines New

- Title Case for short headlines: "Comprehensive Care Services".
- Sentence case for questions and long lines: "Ready to see if Angels Oasis is right for your family?"

Logo

The Logo

MARK

A pair of wings under a halo. It can stand alone as an avatar, a bullet or a section marker.

WORDMARK

"Angels Oasis" in a brush script. It is artwork, not a font. Never retype it.

DESCRIPTOR

"Congregate Living Health Facility" in Inter Regular, aligned under the wordmark as on the website header.

The primary logo is the full lockup, reversed on Plum. It is the version on the website header and the first choice wherever a dark ground is available.

Clear Space and Minimum Size New

Clear space. Keep a margin of **x** on every side, where **x** is the width of the halo (about 11% of the logo's width). No text, edge or image detail enters that margin.

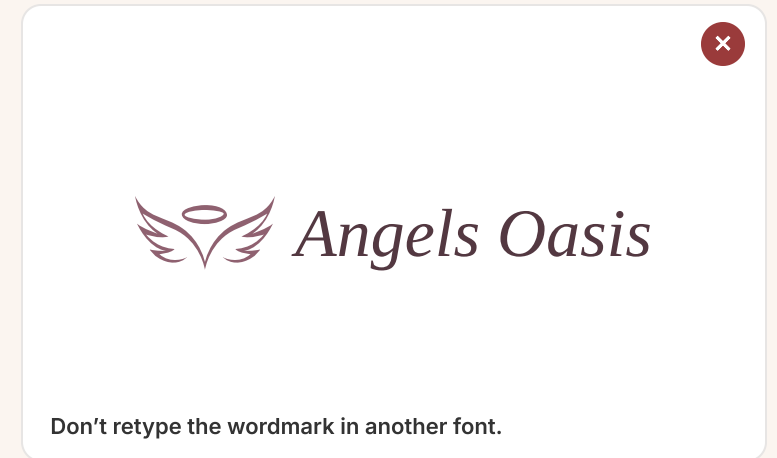

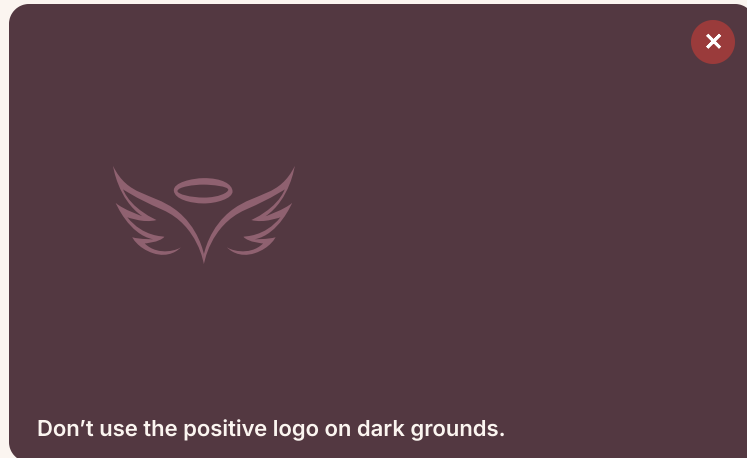

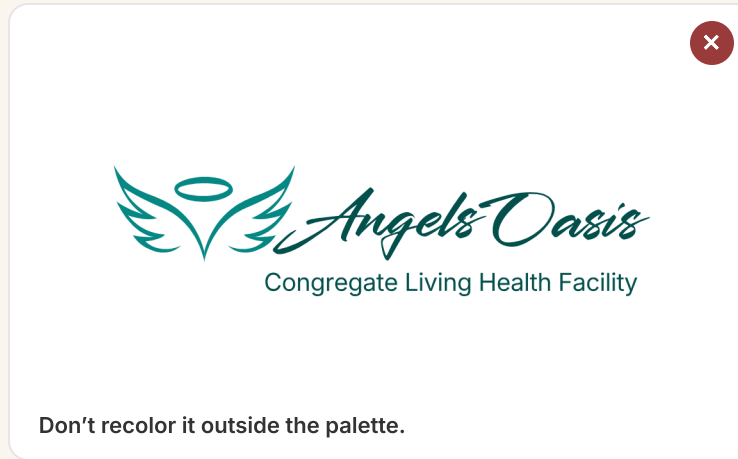

VERSION	SCREEN	PRINT
Full lockup with descriptor	220 px wide	2 in / 50 mm
Wordmark lockup	120 px wide	1.1 in / 28 mm
Mark alone	24 px wide	0.3 in / 8 mm
App icon	16 px	n/a

Below 220 px the descriptor falls under 10 px and stops being readable. Switch to the wordmark lockup and put "Congregate Living Health Facility" in nearby text instead.

PLACEMENT

- Top-left on web pages, documents and slides.
- Bottom-left on social posts, with the call to action bottom-right.
- Centered only when it stands alone: a card front, a sign, a title slide.
- One logo per layout. Use the mark for any repeat.

Logo Misuse

Also avoid: outlining the logo, boxing it in a shape, cropping the wings, separating the halo from the wings, or placing the mauve mark on Forest or Sage where it loses contrast.

Core Palette

Plum

PROPORTION

Roughly 60% warm neutrals, 25% Plum, 13% greens, 2% accents. Green marks what you can act on. Plum carries the name.

HEX and RGB are exact, read from the website. CMYK values are calculated starting points; proof them with your printer before a print run.

Supporting Colors and Contrast

Deep Plum #36272C 54 39 44	Mauve #9F7785 159 119 133	Deep Mauve #8F6170 143 97 112	Taupe #C4B9AB 196 185 171

How to set type

- One Display or Headline per view. Everything else steps down.
- Section headlines are **Light 300**. Only the hero line and short callouts go SemiBold or Bold.
- Left-align text. Center only short callouts inside a card.
- Keep body lines to about 65 characters.
- Uppercase is for buttons, pills and navigation, never sentences.
- Sizes are web pixels. For print, treat 16 px body as 10–11 pt and scale the rest in proportion.

Trusted by families and physicians

On Plum grounds, headlines and body go Cream; small labels go Sage.

Photography

What we show

-  Care in progress: a conversation, a hand on a walker, a dressing being changed.
-  Rooms that look like a home: daylight, wood, linen, a made bed.
-  People looking at each other, not at the camera.
-  Warm, natural light. Soft whites, creams and skin tones that sit well beside Plum.

What we avoid

- Cold blue hospital corridors, equipment with no person in frame.
- Watermarked, listing or obviously stock images.
- Any identifiable resident without signed authorization on file.
- Generated or stock people presented as real staff or residents.
- Heavy filters, vignettes, text baked into the photo.

Treatment. 10 px corner radius on screen. When type sits on a photo, darken that side of the image so Cream text holds at least 4.5 : 1.

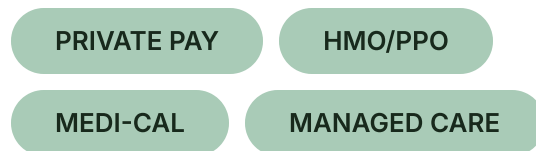

Icons and Graphic Elements

THE WING MARKER

-  Physician Services
-  24-Hour Skilled Nursing Services
-  Oxygen Therapy
-  Respiratory Therapy

The mark, about 30 px wide, replaces bullets in feature lists and sits before every section eyebrow. Deep Mauve on light grounds, Mauve on Plum.

PILLS

Sage, fully rounded, uppercase Inter SemiBold in Deep Forest. For payer types, tags and short facts.

LINE ICONS

24 px grid, 1.75 px stroke, round caps and joins, no fill. Plum or Deep Mauve on light, Cream on Plum. The Lucide icon set matches this style; use it for any new icon.

THE SERVICE RIBBON

Oxygen Therapy * Pain Management * IV

A single line of service names separated by a six-point asterisk. Use it as a divider band between sections.

SHAPE

Pill for buttons and tags. 10 px for cards and photos. 6 px for form fields. Borders are 1 px hairlines; shadows are barely there or absent.

THE SAGE BAND

We Accept: PRIVATE PAY HMO/PPO

A full-width strip of Sage closes a hero or a page. It holds one short line of information, such as accepted payers or a phone number.

WHAT WE DON'T USE

- Gradients, glows, glass effects.
- Emoji as icons.
- Clip-art angels, crosses or hearts. The wing mark is the only figurative element.
- Colored side stripes on cards.

Website Consistency Notes

Small things found while reading the live site. Fixing them brings the website in line with this book.

WHERE	WHAT THE SITE DOES NOW	RECOMMENDED
Payer pills	Forest text on Sage, 14 px. Contrast is 3.6 : 1.	Deep Forest text, 8.7 : 1.
Mauve	Two close mauves: #9F7785 in the logo, #8F6170 for icons.	Keep both, with fixed roles: the lighter on Plum, the deeper on light grounds.
Service names	"Hospice Services/ Terminally Ill" in the hero; "Hospice Services / Terminal Illness Care" in the ribbon. "Wound & Post Surgical" and "Post-Surgical".	One spelling each, as listed under Writing Rules.
Name	"ANGELS OASIS provides..." in the Services intro.	"Angels Oasis provides..."
Capacity	"6 private rooms with Ensuite Bathrooms" for Valley Village; "6 beds" for San Jacinto.	Confirm the facts, then describe both the same way.
San Jacinto photo	Exterior image carries a "CRMLS" listing watermark.	Replace with an owned photo before launch.
Headline case	Mix of Title Case and sentence case.	Follow the headline rule under Writing Rules.
Share preview	Social share tags point to angel-oasis.pages.dev .	Point them to angelsoasisclhf.com.
Footer gray	#777777 on Linen is 3.8 : 1.	Use Gray #616161 , 5.2 : 1.
