These drafts are written for professional referral outreach about Angels Oasis' Valley Village facility. Replace bracketed text, choose the appropriate draft, and confirm details before sending.

Quick personalization checklist

• Use the recipient's correct name, role, and organization; tailor the message to your existing relationship.

• Confirm current services, referral criteria, payer/authorization requirements, and bed availability with the referral team.

• Do not include patient-identifying details or PHI in LinkedIn, SMS, or ordinary email. Use an approved secure referral channel.

• Follow your organization's consent, outreach, recordkeeping, and opt-out requirements, especially for text messages.
