ANGELS OASIS CRM / QUICK GUIDE

Hospitals Map

A short workflow: discover nearby referral partners

Find a facility, review its details, and add promising contacts to Leads.

1

Choose an area

Select an Angels Oasis location and a search radius.

2

Search nearby

Choose a data source, then let the map find facilities in the area.

3

Review a facility

Click a marker to see its details and available contact information.

4

Add it to Leads

Select Add as Lead to save the facility in the CRM for follow-up.

Tip

Facilities already in Leads are shown as existing contacts; new facilities can be added from their details.
